EDUCATION

University of Rhode Island B.S. Data Science, Honors College, Expected May 2029 35/120 degree credits earned already via AP/early-enrollment coursework - Presidential Scholarship Recipient - Helen Izzi Schilling STEM Scholar	Kingston, RI 2026 - Present
Cranston High School West GPA: 3.975/4.0 Class Rank: Top 5% (20/404) Relevant AP Coursework: AP Calculus AB (Score: 5), AP Calculus BC, AP Statistics (Score: 4), AP Computer Science A (Score: 4), AP Physics 1	Cranston, RI 2022 - 2026

EXPERIENCE

Machine Learning Intern - SERP - Built a real-time computer vision system for boxing analytics using YOLO and Bot-SORT. - Designed a pipeline for punch detection and match statistics extraction. - Contributed to dataset collection, labeling, and model training optimization. - Developed AI automation workflows (n8n) for social media and voice-based AI systems.	Aug 2025 - Feb 2026
--	---------------------

PROJECTS

Transformer-Based Sentiment Analysis with BERT - Fine-tuned BERT for sentiment classification, achieving 81% accuracy on 5,000 validation examples. - Improved training efficiency with early stopping, and evaluated precision, recall, and F1-score. - Made an inference pipeline for real-world text classification and visualized sentiment prediction outputs.	2024 - 2025
Fashion GAN Generator - Built a GAN model from scratch to generate synthetic fashion images. - Trained on the Fashion-MNIST dataset without prebuilt GAN architectures. - Achieved about 80-85% visual match to the dataset in generated outputs.	2024 - 2025
